PEOPLE WITH LEARNING DISABILITIES

I am a good person, good at speaking up for myself.

I work with people with disabilities and want to help them have a voice.

I have a disability myself and have worked with them since I was 8 years old.

I continue to work with people with disabilities to this day with Together All Are Able and my husband.

I also do a lot of sponsoring for our group who have disabilities. If anyone who wants me to help them do sponsoring I will.
