Who I am

My Name is Paula Braynion. I am the Managing Director for Future Directions. We are a values based organisation that works to enable and empower people to have maximum choice and control over their lives and achieve the happiest lives possible.

Why I want to be on the representative body.

I really believe in what LDE stands for and it makes total sense that by bringing people with learning disabilities, families, organisations and professionals together we can through working together achieve far more. I share the values of LDE of putting people first, working together and being creative. These are some values we live by at Future Directions. I am values driven. I am passionate about the rights of people with learning disabilities. I believe that by being elected to the representative body I can work with others to make a real difference.

Why vote for me?
