

SABINA LAHER

PEOPLE WITH LEARNING DISABILITIES

My name is Sabina Laher. I am extremely passionate about supporting people with Learning disabilities to ensure that they are treated fairly and with respect. I work for 3 different LD charities on a voluntary basis, One of my roles is leading on The Voice Group in Certitude – supporting people to speak up and assert their opinion. I chair the meeting once a month and do this very well and encourage others to get involved.

Through experiences I have encountered, the rights of people with Learning Disabilities have sometimes been ignored and overlooked simply because they haven't had the ability to express themselves. I believe in equality and justice for everyone despite their disability or background and want to do all I can in my role as LDE representative to ensure people with LD have their rights exercised, their voices heard, they are empowered to understand that their opinions and their rights matter.

I want to ensure people are getting access to what they are entitled to including support, benefits, advocacy, activities, sports, and building peoples confidence to lead fulfilling and

PEOPLE WITH LEARNING DISABILITIES

happy lives so that they know they have options and don't stay at home and get isolated.

I would do a good job as I am very dedicated to ensuring that people with learning disabilities get the support they need and will actively pursue this until our voices are heard and that people with LD are recognised, their opinions valued and understood.

People should vote for me as I am passionate about ensuring that people with learning disabilities are treated fairly, with respect, dignity and their voices are heard.

I am passionate about fighting for the rights for people with LD and want to ensure that while in Post as an LD representative I do all I can to ensure that I can influence people to understand that people with LD do have voices, opinions, rights, likes, dislikes, characters, personalities, morals, dignity, passions and dreams.

I genuinely care for people with LD and I believe people couldn't wish for a better ambassador for people with LD.
