PEOPLE WITH LEARNING DISABILITIES

Dear all,

I want the Representative Body to make change. And the first step is to make sure that people with learning disabilities have a real say on the important issues.

It's a Representative Body and everyone must be represented and have an equal say. I want to work with individuals, organisations and staff. I hope and believe I can talk to you in a way that makes you feel special irrespective of whether you are a boss of a charity or an individual member.

We need to work together to get government to give people with learning disabilities a better deal.

I can work as part of team as I have over 20 years experience. If I get it wrong, I'll put my hands up and say I'm sorry. At the end of the day, we're all in this together.

I want to work with a mixed group of people of all types to make
