## ORGANISATIONS & PROFESSIONALS

---

My name is Steve Harris and I work for Reside Housing Association.

I want to be on the Representative Body because I believe in LDEs aims and values, and want to support the organisation to develop and become more successful.

It is very important to me that people with learning disabilities have choice and control in their lives

I was involved in the organisations development when I worked with the Housing and Support Alliance as Lead Advisor. This means that I have a good understanding of how it works, who is involved and what it wants to achieve

I have held professional roles in learning disability services for many years. These have included jobs in providing supported living services, housing services and commissioning.

I have a lot of experience in developing personalised solutions in

Learning Disability England

## ORGANISATIONS & PROFESSIONALS

---

housing and support, often trying out new things to make sure people are able to get the place that they want to live in as well as the right support to go alongside.

I have worked with national policy makers and decision makers to advise them on how to make things better for people with learning disabilities.

Because I have worked across the country for a number of years I have a lot of relationships and connections with many different people, organisations and groups. This means I can pass on a wide variety of views and interests to the Representative Body.

*Steve is standing for election to represent his organisation Reside Housing.*
