

VICKY BUCKINGHAM

PEOPLE WITH LEARNING DISABILITIES

My name is Vicky Buckingham. I am a Self Advocate, Graduate of Partners in Policymaking and 1 of 6 Directors of a Self Advocacy Group called Together All Are Able in Wirral.

I am standing for the Representative body because I am keen to make sure people with disabilities have a voice and what they want is heard. I feel strongly that working together is very important in time of National Cuts, not just when things have been decided but right at the start and all the way through.

I have experience of working with service professionals and can challenge them if I feel that they are not doing things right or there may be a way to do it better.

If you feel the same as me please vote for me.
