Our 5 Priorities

YOUR PRIORITIES ARE OUR PRIORITIES

WHAT WE STAND FOR

FOR A FAIRER, GREENER COUNTRY

Our country is facing crises around the cost of living, in our public services and in our climate and environment.

At the Green Party we have plans to improve everything that matters for families and communities.

Greens across the country do things differently, always working to offer fair, green solutions that make life better for all.

When we say "fairer and greener", we mean it.

MEET OUR CO-LEADERS, CARLA & ADRIAN

The Green Party is proud to have co-leaders Carla Denyer and Adrian Ramsay who are standing to become MPs in Bristol and Suffolk.

Greens across the country do things differently, always working to offer fair, green solutions that make life better for all.

When we say "fairer and greener", we mean it.

Our Fair Deal

Over the centuries, Britain has taken enormous strides to becoming the fair, free and open society we all know it can be.

For more than 150 years, Liberals and Liberal Democrats have led that change: championing free trade, introducing the state pension and free school meals, laying the foundations of the welfare state and the National Health Service, legalising same-sex marriage, and taking urgent action to tackle the climate emergency.

But after years of Conservative neglect, the social contract – or fair deal – between people and government has been shattered. Liberal Democrats will never stop fighting to rebuild and strengthen it.

Furthermore, the UK's political system is fundamentally broken. Millions of people feel powerless and excluded, robbed of their rightful say and unable to hold the powerful to account.

We want to give everyone the power to make the most of their potential, and real freedom to decide how they live their lives.

The task is extensive. That is why the fair deal we propose has five themes which are set out below.

1. A fair, prosperous and innovative economy that promotes opportunity and wellbeing.

Everyone deserves the chance to get on in life and see their hard work and aspiration properly rewarded. Businesses and entrepreneurs should be supported to create worthwhile jobs in every part of the UK. But the Conservatives' botched deal with Europe has damaged

Here's a quick and easy step-by-step guide on how to vote in the next election.' To the right of this text is a portrait of a man with glasses and a mustache.
