

Prepared to Thrive: Evidence Partners

Prepared to Thrive will be supported by a number of Evidence Partners.

Evidence Partners will be organisations, run by, representing or supporting people with learning disabilities and their families.

Each partner will be invited to share evidence, data and case studies from within their organisations as well as promoting the opportunity for individuals to give evidence to the commission.

Evidence Partners will be called on first by the commission to give evidence on each of the commission's topics.

An Evidence Partner will choose if they want to give evidence on the topic and can contribute to as many topics as are relevant to them.

The commission will share updates, information and opportunities to get involved via an Evidence Partner mailing list.

If your organisation is interested in acting as an evidence partner for the commission, please [sign up via this form](#).

If you have any questions, please email Rachael on rachael.hall@ldengland.org.uk
